C) How to Participate in a Peer Evaluation (Evaluator)

## A) Peer Evaluation?

: A learning method in which learners evaluate each other's work and exchange feedback.

### 1) How to Request a Peer Evaluation?

#### ✓ **Peer Evaluation Requestor (Evaluatee)**

Learners explain their solutions to the evaluator and receive an assessment. If they pass the evaluation, they proceed to the next problem.

#### ✓ **Peer Evaluation Participant (Evaluator)**

The evaluator conducts the assessment based on an objective evaluation guide, considering the overall competencies of the learner being evaluated.

### 2) The Importance of Peer Evaluation?

#### ✓ **Enhancing Learning Effectiveness**

→ Deepens conceptual understanding through explanations and exposure to diverse perspectives.

#### ✓ **Enhancing Problem-Solving Skills**

→ Develops logical thinking habits and improves problem-solving abilities through feedback.

#### ✓ **Enhancing Accountability and Proactiveness**

→ Encourages active participation in evaluations, fosters collaboration, and strengthens critical thinking skills.

#### ✓ **Fostering an Active Learning Culture**

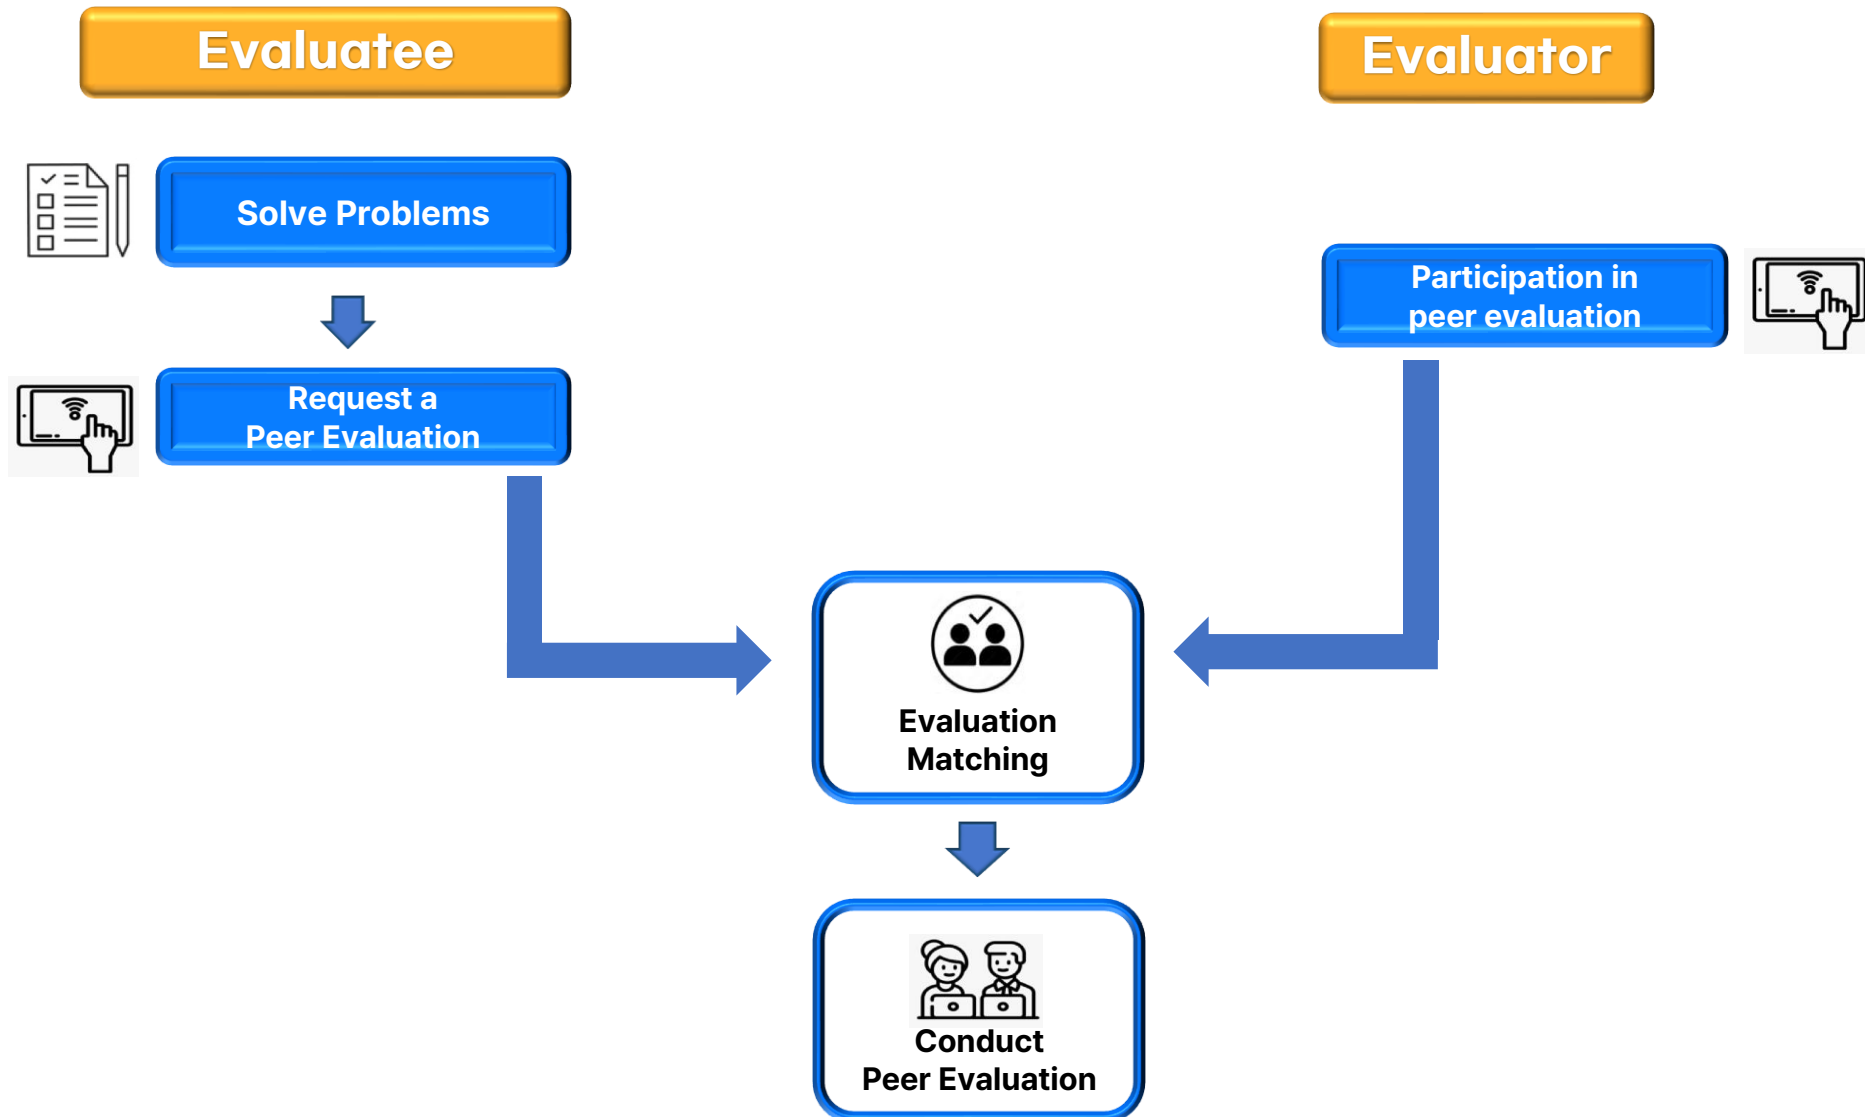

→ Promotes collaboration and interaction, supporting self-directed learning.

#### ✓ **A Work-Related Learning Experience**

→ Strengthens collaboration and communication skills.

### Evaluation Points System

#### 1) What are Evaluation Points?

: A system designed to facilitate smooth peer evaluations among learners.

- ✓ Initial evaluation points are granted, and learners must conduct evaluations to receive their next assessment.
- ✓ Example :
  - Initial allocation of 500 points.
  - 100 points deducted when making an evaluation request.
  - 100 points awarded when accepting and participating in another learner's evaluation request.

#### Evaluation Point System

**The Evaluation Point System is an essential element to encourage fair participation among learners and foster a continuous learning and collaborative culture.**

#### 2) Why Are Evaluation Points Necessary?

- ✓ Smooth Operation of Peer Evaluation
  - If there are many evaluation requests but low participation, the system will not function properly.
  - Maintain a balance between evaluation requests and participation through evaluation points.
- ✓ Encourage active participation from learners
  - To receive evaluations, learners must also participate in evaluating others.
  - Prevent passive learners from only receiving evaluations without contributing.
- ✓ Establish a fair evaluation system
  - Ensure that the evaluation burden is not concentrated on specific learners.
  - Ensure that all learners contribute to evaluations in a balanced manner.
- ✓ Foster a self-directed and sustainable learning culture
  - Encourage continuous participation in peer evaluations through point-based rewards.
  - Foster an active learning environment and enhance collaboration skills.

## B) How to Request a Peer Evaluation

1-1) You can **request a peer evaluation** through the main calendar.

1 Go to Learner Portal > Main Calendar.

2 Click the **[+]** button to open the **event creation pop-up**.

3 Click the **[DROP DOWN]** menu, select **[Request an Evaluation]**, and then click the **[Apply]** button to navigate to the evaluation request page.

✓ You can also **access** the evaluation request page by clicking the **Request an Evaluation Counter**.

### B) How to Request a Peer Evaluation

1-2) You can also request a peer evaluation from the Request an Evaluation tab.

**1** Go to [Evaluation](#) > [Request](#).

**2** Click the [+ Request an Evaluation](#) button.

- 2 Upload the design materials by either selecting a **local file** or **URL** or clicking the **[Find the URL]** button.
- 3 Select the **[Git Project]**, then click the **[Confirm]** button.
- 4 Click the **[Resource Register]** button to finalize the submission of the selected **project** and **evaluation materials**.

#### ★ Important Notes When Requesting a Peer Evaluation

- ✓ Unit problems must be solved sequentially.  
*If the previous problem has not received a passing evaluation, you cannot request an evaluation for the next problem.*
- ✓ Evaluation materials can only be uploaded after **integrating with GitHub**.

## B) How to Request a Peer Evaluation

3) Find a Pre-Registered Schedule by the Evaluator and Submit a Request.

**3** [Request an evaluation](#)

- 1** Click the **[Request an Evaluation]** button.
- 2** When the evaluator **selection pop-up appears**, find an **[Available]** schedule pre-registered by the evaluator and click **[Select]**.
- 3** Click the **[Request an Evaluation]** button again to finalize and send the request to the evaluator.

- ✓ It is recommended to apply for an **[Available]** schedule **at least 10 minutes** in advance.
- ✓ If the evaluator selection method is set to **[Assigned]**, you must manually select an evaluator in **[Select Evaluator]**. However, if the evaluator selection method is **[Random]**, selecting an evaluator is not required.

## B) How to Request a Peer Evaluation

### 4) Check the Status of Your Evaluation Request.

**Request** [Home](#) > [Evaluation](#) > [Request](#)

**i** Evaluations must be conducted **in person through direct interaction.**

**✓** If the evaluator **[Declined]** the request, it will be marked as **[Rejected]**.

**✓** If the evaluator **[Accepts]** the request, the status will change to **[Wait]**, and the schedule will be confirmed.

**★** Once the request is **submitted or accepted**, a notification will be sent via **the platform and email.**

## B) How to Request a Peer Evaluation

6) You can cancel your evaluation request **before the evaluator starts the evaluation**.

**Request** [Home](#) > [Evaluation](#) > [Request](#)

**Evaluation request status** [number of evaluations] Peer evaluation **1** Sessions | Expert reviews **0** Sessions [Request an evaluation](#)

**1** In the Request Status section, click the **[Cancel]** button.

7) Once the evaluator **starts the evaluation**, you can **no longer cancel** your evaluation request.

**Request** [Home](#) > [Evaluation](#) > [Request](#)

**Evaluation request status** [number of evaluations] Peer evaluation **1** Sessions | Expert reviews **0** Sessions [Request an evaluation](#)

No	Evaluation round	Evaluator Name (ID)	Evaluator type	Evaluation Status	Evaluation Result	Evaluation Date & Time	Reason for Rejection	Reason for Canceling a Request	Cancel Request
1	2	Codysey (1000030036)	Peer	Request		2025-02-19 16:00			

- ✓ **Before the evaluator starts the evaluation**, the status will be displayed as **[Request]** or **[Wait]**.
- ✓ Once the evaluator **starts the evaluation**, the status will change to **[In Progress]**, and you will no longer be able to cancel the request.

## C) How Participate in Peer Evaluation

1) Here's how you can participate in peer evaluation.

The screenshot shows the Codyssy Learner Portal interface. The top navigation bar includes the Codyssy logo (highlighted with a red box and labeled 1), and tabs for Project, Evaluation, Code Review, Mentoring, and Community. The user profile shows 'Codyssy' and 'Learner'. The main content area is titled 'Overview' and shows a weekly schedule for 2025.02.24-2025.03.02. The schedule is a calendar grid with days from Monday to Sunday. The 'Add an event' pop-up is open, showing a dropdown menu with 'Apply to join' selected (highlighted with a red box and labeled 3). The 'Apply' button is also visible. The 'Add an event' pop-up is labeled 2. The 'Apply to join' button is labeled 3.

- 1 Go to > Learner Portal > Main Calendar.
- 2 Select **the week and date**, then click the **[+]** button to open the **Add Event pop-up**.
- 3 Select **[Apply to join]** and click **[Apply]** to open the **Event an Registration pop-up**.

Use the **[Previous]** / **[Next]** buttons to move through the calendar in **weekly units**.

## C) How Participate in Peer Evaluation

### 2) Adding an Available Evaluation Schedule

If you set an evaluation time, learners who wish to be evaluated will apply for that time slot.

**Add an enrollment schedule**

Date: 2025-02-24 **1**

Time: 00:00 ~ 24:00 **2**

Repeat: ☒ No repetition ☐ Repeated registration **3**

Cancel Sign up

- 1** Select a **date** available for evaluation.
- 2** Select a **time** available for evaluation.
- 3** Set the **recurrence option** and click **[Register]** to finalize the schedule for peer evaluation.

- ✓ Time can be set within the range of 00:00 – 24:00.
- ✓ You can configure recurrence settings by day, week, or month.
- ★ It is recommended to open evaluation slots only for the times you are available to conduct evaluations.

## C) How Participate in Peer Evaluation

3) Evaluate the project tasks for which you have received an evaluation request.

- 1 Go to > Evaluation > Learning Evaluation > Participate in Evaluation.

1 When the evaluation time arrives, the **[Evaluate]** button will be activated.

Click the **[Evaluate]** button to start the evaluation.

## C) How Participate in Peer Evaluation

6) Evaluate the project tasks based on the rubric and submitted evaluation materials.

The screenshot shows the peer evaluation interface with the following components and numbered steps:

- Step 1:** A red box highlights the evaluation task details and the **PASS/FAIL** selection buttons.
- Step 2:** A red box highlights the **Level of Experience** dropdown menu, which is currently set to **Cannot Be Reimplemented**.
- Step 3:** A red box highlights the **Competency scores** table, which currently displays "There are no items to display."
- Step 4:** A red box highlights the **Feedback** section, which includes a text input field and a **Sign up** button.
- Step 5:** A red box highlights the **Evaluation confirmation** button.

Below the feedback section, there are three buttons: **Lists**, **Save**, and **Evaluation confirmation**. A red arrow points from the **Save** button to the **Evaluation confirmation** button.

1 Evaluate according to the rubric and select **PASS/FAIL**.

Bonus points can also be awarded.

\* If even one rubric item is marked as **FAIL**, the final result will be **FAIL**.

2 Assess the level of experience.

\* All PASS: Eligible for reimplementation and application.

\* FAIL: Not eligible for reimplementation; only visible as a failed result.

3 Evaluate **competency scores** if applicable.

4 **Provide evaluation feedback** and click **[Save]** to store the evaluation status.

5 The **[Evaluation Confirmation]** button will appear after **the minimum required evaluation time** has elapsed.

★ Evaluation can be conducted in-person, through the peer evaluation system, or via third-party messaging and other applications as agreed upon by the evaluator and the evaluatee.
